## Good Or Bad News Depends On You

IN THE VALLEY OF THE MOON

Well. . . Well. . . Well. . . Did you read last week's Editorial in The Sonoma Index-Tribune??? It was a dandy!!!

It started out . . . "Our Job—Printing the News, Good and Bad".

"In this business you write about the good and the bad things. And about the good people and those who break the law.

We were told to cancel the subscription and advertising of a customer last week, because of our handling of news stories dealing with a specific incident.

In our judgment, it deserved the play it received—and we can only trust in God that our judgment is sound. In this case and the hundreds sure to follow.

While publishing a newspaper is somewhat of a public trust, it is also a business. And we dislike losing subscribers, advertisers—and friends."

Well . . . this June Ye Ole Publisher will have been in the newspaper game twenty-five years, and we have learned that you can't please everybody. . . Even Jesus Christ couldn't do it, so why should we think we can. . .

So if you want all good news, it's up to you to be good!!!

Thank you,  
The Publisher
